

This is script to skype conversation (feel free to change it)

Lets start

Play in Mystery Skype

(this is a good way make your lessons more attractive make that all students will be active)

Need a sample questions for students (take a look eduheroes.org -> download)

STEP ONE Introduction

All the countries say "Hello" in local languages. After that i think that would be a good idea to present personally the project participants. Ex Hi im Lukasz and im 16yo (In order Host, Guest)

STEP TWO Few words about Country City School

Ex.: We are country in central Europe. Poland have 38 000 000 people. Christianity is the primary religion. Our city is in ... Our school is in.... (Guest, Host)

STEP THREE: Let's learn our languages.

For first we can say our names like Grzegorz and other participants repeat (starting Host, Guest)

STEP FOUR Quiz / option

If you have enough time, organize a quiz about your countries. Collaborate with a second teacher to create questions about culture, art or cuisine. Use MS Forms or Kahoot to do the test!

STEP FIVE Final steps

End of discussion, finishing skype call. All the countries say goodbye in local language.
